PRESIDENT BACK AT WHITE HOUSE

Holds Conference With Bryan on the Mexican Situation—Receives Delegation.

Washington, Sept. 16.—President Woodrow Wilson returned from Cornish, N. H., today on a train that was an hour late and was driven at once to the White House. The president returned to his desk to find the administration currency bill well on its way through the house, with the Democratic majority holding it firm against attacks so far, and the tariff differences between the house and senate well on the way to settlement. Outwardly the most pressing question in the Mexican situation was whether a congratulatory message should be sent to Mexico City on the occasion of the 103rd anniversary of Mexican independence, and to whom it should be addressed. The first thing the president did was to receive several hundred delegates to the international congress on refrigeration. The long line passed through the president's room in the executive offices, where the president shook hands with all but made no speech. Secretary Bryan had a conference on Mexico, while Secretary McAdoo

GOV. WM. SPRY MAKES ELY IS TO SEND MANY CANDIDATES TO ELKS' LODGE

Arrangements are under way for initiating a class of Ely candidates into membership with the B. P. O. Elks of Ogden lodge. F. L. Chapin is in Ely and has the work well under way. The pilgrimage to Ogden is the outcome of a movement started a year ago last January, when thirty candidates were signed up, but the matter was dropped following objections made by the lodge at Tononah. The opposition from that quarter has been satisfactorily adjusted and a special dispensation granted allowing Ely candidates to join the Ogden body.

HIGH SCHOOL TO HAVE AN ORCHESTRA OF FORTY PIECES

A band of forty instrumentalists is being organized at the Ogden High school under the direction of Miss Marilla Hunter, supervisor of music in the city schools. Meetings of those interested in such an organization have been held and from the attendance it has been estimated that the band will number forty. Orchestra rehearsals have been held every afternoon for several days and the organization expects to play publicly at the first general assembly. It is probable that the high school orchestra will furnish music for the dances to be given this season at the school. A meeting of Classroom directors will be held on Thursday and the staff of the school paper will be selected. The first number will not appear until Thanksgiving but it is planned to have the editorial force organized to stir up enthusiasm. Football practice is held regularly for two or three hours every afternoon. A large squad reports and Coach Alonzo Romney is pleased with the outlook.

MILLIONAIRE TO FACE CHARGE

Los Angeles, Sept. 16.—George H. Bixby, the Long Beach millionaire, who was indicted some months ago on charges resulting from a morality crusade was placed on trial today in the superior court before Judge Benjamin F. Bledsoe. The principal witnesses against Bixby are minor girls, whose testimony before the grand jury involved alleged instances of degeneracy. Bixby's defense, his attorneys stated, would be the declaration that he had been blackmailed by a coterie of young girls who, under the leadership of Mrs. Emma Goodman, were members of a regularly organized band, the purpose of which was to compromise well-known men of wealth and then extract blackmail. Mrs. Goodman is under sentence for pandering, having pleaded guilty.

FRANCE PLANS TO HAVE BIG EXHIBIT

Paris, Sept. 16.—Much attention to the question of French participation in the Panama-Pacific exposition at San Francisco in 1915, is being paid by Jules Jusserand, French ambassador to the United States, during his vacation in France. He has called on a number of important persons and possible exhibitors in half dozen of the largest French provincial cities.

The American ambassador is convinced that the French exhibit will be representative of the best that France can show. It is intended that everything shall be distinctive, either for its great value or its cheapness, or its artistic quality, so that nothing shall be commonplace.

One of the historic buildings in France is also to be reproduced in the exposition grounds and will serve to house the exhibit. It has not yet been decided which will be chosen. M. Jusserand will sail for America on October 4.

Oklahoma and North Dakota Accept. San Francisco, Sept. 16.—Oklahoma and North Dakota jointly look today to the sites on which they will erect state pavilions at the Panama-Pacific international exposition in 1915.

When the exposition has been closed the bricks will be returned to Oklahoma for the construction of a school house intended to stand as an example of the civic pride of the state.

HARRIS AND DIGGS' CASE NEARING END

San Francisco, Sept. 16.—Evidence showing that Marsha Warrington had not been subpoenaed as a witness in the Diggs-Carmichael case, talked with her on March 22, and that therefore anything Maury Diggs or Charles B. Harris might have instructed Miss Barton to tell Miss Warrington could not be construed as conspiracy to suborn perjury was introduced today in the closing hour of the Diggs-Harris trial.

Harris was again on the stand today and his wife also testified in his defense. Harris swore he did not know why Diggs had called Miss Barton to his office, and that he did not know what conversation had passed between them. Theodore Roche, for the government, began his statement of the case with an assertion that the conceded facts in the case were sufficient to convict. The defense will conclude its arguments today.

COURT ATTACHE KILLED IN DUEL

Berlin, Sept. 16.—Prof. Heinrich Maass, court painter and Social leader, today shot and killed Count Chambrlain Von Westernhagen, courtier, soldier and captain of the army reserve. A slap in the face led to the professor's act, which took place before the bar of a dignified club of honor. There had been bad blood between the two for some time. In accordance with the code, they had agreed to submit their differences to a court of honor, which was to decide whether a duel was necessary.

ALL GONE

A veteran, talking to his great-grandson, a little lad of 8 to 9 years, remarked: "Nearly a generation and a half ago my head was grazed by a bullet at the battle of Chickamauga." The little boy looked at the old man's head thoughtfully and said: "There isn't much grazing there now, is there, granddad?"—Cleveland Leader.
